For sale is a single pair of size 7 (US) Yeezy 500s with a Bone White colorway. Style/model number is FV3573.

These are new, never worn, with tag, in box. The box has a tiny amount of creasing but is acceptable by StockX's standards.

[This is an accurate depiction of the colorway.](#)

The drop is supposedly to occur in August at some point. Why wait when you can cop your clout before everyone else?
