Thread: [\\$500-\\$3000 Monthly working 2 hours per week. VOUCHERED METHOD WITH PROOFS](#)

Dr. Einyel - July 17, 2019, 5:50 pm

Earn around \$500 at least, working just 2 hours a week.
Earn around \$3000 if you make an extra effort.

First of all, I want to be explicit. This is MY PERSONAL METHOD. I say PERSONAL, because this is something I DO MYSELF currently, and I designed it myself, reading a lot on the internet. I assume other people could be working on the same thing, so I won't put "PRIVATE SECRET EXCLUSIVE METHOD". This is an honest thread.

I study medicine, and I CAN'T WORK 24/7, so this income is what I get investing only about 1-2 hours a day on weekends. If you want to work daily on this, you should be able to make a lot more.

With my method, you'll be able to earn around \$500 working only about 2 hours PER WEEK. Please understand I'm being fully honest. My title isn't "\$1.000 per day! COME AND BE RICH IN ONE DAY!!!". No. It is around \$500 a month, but it is stupidly easy, and requires no skills at all. Down below there is a requirements list. If you have those requirements, you have all you would need to make money. Plus, if you make an extra effort, you could escalate this and make around \$3.000 or more. My offer is around \$500 because this is what you'd make working almost nothing each week, perfect for an extra income.

Why are you sharing your method?

Two main reasons:

1. It's not saturable. I wouldn't share this if I could be affected by many people joining.
2. Extra money. As simple as that.

What do you need to be able to use this method?

This is a WHITE HAT method, so we will be using real-life information. You would need:

- You need to live (or have a friend/relative/partner) in the USA.
- A real and solid PayPal account.
- A real US bank account with credit or debit card.
- Money to start. This method requires investment. I started with \$50, but currently, I invest around \$300 - \$500 to increase the profit. I would recommend to starting with around \$80.

This list is only about the vital requirements for the method to work. There are other requirements that if you have them, you'll start making a profit faster, but I will share these after payment since it involves talking about the method. If you don't have these extra requirements, you'll just need more time to start earning money. Having what's listed above is enough to know you are able to perform this method.

Note: I live in VENEZUELA. That's why I need the help of a partner that lives in the USA and has these requirements. This is why I only make around \$500 monthly. If you are a US citizen, you'll be

able to get the whole profit of this method (if you want to do extra steps), and you could earn more than \$3000 if you do it right. But, since I'm making an honest thread, I'm only offering about \$500 profit that I'm 100% sure you'll be able to make even if you're not in the USA, just like me.

There is no PDF file, so everything was in a chat form.

Let's get straight to the method itself:

- 1) To be able to execute this method you or the person you know has to be in US.
(US residents = about \$1000-1500/mo.) Non US about 50% of the amount made per mo as another half is going to your partner in US.
- 2) Totally whitehat. Won't put your PayPal account in risk. It is not autopilot. In order to see earnings you need to actually put in work.
- 3) Needs investment, but you can start with as low as \$10.
- 4) Involves talking to people and selling. (Selling is easy as there are always demand)
- 5) You are profiting in 3 different areas related to this method. For example: you can turn \$20 investment into \$45-50.
- 6) Some of you already know this method. You are doing some sort of service for your clients. However, OP is practically spoon-feeding you, meaning you get access to his clients (that's where you gonna make money).

I would say it's totally worth \$40. You get step by step instructions with what to do and how.

Thanks for providing a vouch copy.

(Oct 19, 2019 01:06 PM)MiamiHeat Wrote: [\[CITE\]](#) Honest Review:

He called me on Skype and went over it all step by step. There's 2 parts to what he does. The first part is something that i've done in the past but haven't in years. It's not private in any way but it I don't think too many people on here do it and it is a great way to get products. The 2nd one is not really a method at all but basically just a way to help really monetize this at a larger scale. Both of them added together is a great way to make some extra cash and something that I have not seen on here before.

The profits that he mentioned are definitely attainable. Setup time is dependent on a number of different factors and saying it will give the method away so I won't. But in my case, it didn't take any time I was already ready. You do need to have money to start on this so the amount of products you get back will be dependent on the money you put in. I paid the extra \$10 for his contacts. They aren't "needed" but in my opinion it makes this easier and more cookie cutter. I can go out and find them on my own but since I'm buying a method, I'd like to be spoon fed with everything that I need.

What it's missing:

What I would have liked to see is it written in a text document with every step laid out. Mainly with links on where he found his contacts, more details surrounding. He gave me suggestions but I want specific links on what worked for him. The do's and dont's of the method. What to look out for so you don't get scammed. Again, he gave me all of this already over he phone but I would have liked it in writing so I don't forget. I would have also liked for his specific contacts to be included in the price. I don't believe I should pay extra for that.

Overall I would give this method a 8/10. If you live in the US and do both parts you will get free stuff and make money in the process. There's no way you won't be able to unless you just don't follow his instructions. Probably more than what he suggested in the title if you were to do this full time. It is not possible for this to be saturated because so many people do it and there is always a constant need for it. Absolutely no way can too many people buy this and ruin in. His communication is great and has been able to answer all questions that I've asked him as well as give me tips on this. 100% worth the money I spent on it. I would take advantage of the low price.

Very simple straight to the point. No fluff when it came to explaining the method.

Method:

This method I believe hasn't been sold on HF before. I have been on this forum for a very long time & haven't came across it. I have spent my fair share of money on methods I think this one is honestly a home run. If you have \$40 bucks to spend I would definitely buy this method.

(Dec 17, 2019 01:08 PM)Braymek Wrote: [\[CITE\]](#) BIG VOUCH!

I purchased this method on December 3, and since that day, I was able to start working. There are a few more requirements besides the ones stated in the original post, but I can confirm that those are the principals. If you have those, you'll be able to complete the other extra requirements. Luckily, I didn't have to complete anything. I was fully ready to start working.

This method is unique. It's incredibly easy to understand, and I'm shocked I didn't hear about this before. It is about two methods in one, but OP was very smart to combine them and make a profit from it.

You have to make small investments. You can't purchase the method having only the money to get the mentoring. On the other hand, investment is free of any risk. There's no way to explain this without knowing the method. I don't live in the USA, but I have a close friend over there. This allowed me to profit, but if I'd live over there, I'm sure I would make more.

I paid for the partnership as well, so OP is doing a lot of the work for me, as we agreed. I have to say it is a very simple and easy extra income.

OP says it is not saturable, but I do believe that if he still sells around 50 or 100 more copies, the business could start slow down. I'm a little concern about that, so I'm asking him to stop selling it after some more orders, or at least to increase the price. I hope he does since this is a goldmine.

As I said, it is very easy to understand, and, since I had all the requirements, I was able to start right away. Since I started working pretty soon, I already got some payments on my PayPal. I'll leave some screenshots over here. I'm happy I found this thread and that I was able to know and work with Dr. Einyel.

(Jan 5, 2020 06:27 PM)GenericPlayer17 Wrote: [\[CITE\]](#) I really like this method. OP took the time to explain it to me from a to z and I am excited to get this rolling. I can see how you can easily make some money off this and I think I found another side gig that will actually go somewhere.

Thumbs up for this so far. I will elaborate my review once I start actually working with it.

This method isn't about:

- Gambling
- eWhoring
- Referrals
- Social Media selling
- Dropshipping

- eBay
- Selling on a Website
- CPA, PPC, SEO, Advertising

What am I paying for?

You'll pay for a 1 to 1 mentoring via Skype or Discord.

I decided not to make a simple eBook about this. I want to explain this step by step in person and also avoid piracy. In this mentoring, I will explain to you how this method works, and I'll help you through your first time making a profit. After that, you are on your own.

Also, for an extra payment, you could be associated with me. This means I would share with you my contacts, and that we would always be in touch during the business. You wouldn't be on your own. Once you know the method you would understand the benefit of this.

What's the price?

NEW YEAR SALE! The mentoring is only \$35 (50% OFF!) until the end of January.

Mentoring: \$70 \$35 USD in BTC

Partnership: \$30 \$15 USD in BTC

Partnership is NOT mandatory, it is an extra payment for a big benefit. The main product is the Mentoring and it is enough to make money. If you make the extra payment for the partnership, it means you want a long term relationship with me, so we would share contacts, clients and tips always. Payments are with BTC. I take PayPal only from very trusted HF users. Don't ask for PayPal if you are not an old, trusted or very known user.

Terms:

1. Every sell is FINAL. I won't under any circumstances return the money. You should ask anything you want BEFORE the payment.
2. I can't guarantee a exact profit ammount since this will depend on how much time and money you invest.
3. Mentoring will be set in a free time of mine. You are not paying for a mentoring in the next 10 minutes.
4. Prices and terms could be changed without any prior notice.

Yes, you need someone in USA to do part of the job if you're not there.

Not ebay. It involves selling products if you want to make more profit from it, but is not mandatory (I don't sell anything, but If I'd live in USA I would sell items with this method and make a lot more profit, that's up to the person who lives in USA).

It's half online (the one half I do) and if you decide to increment profit there's a half that would be physical (the half that my partner does).

No need of a custom website, you'll be dealing in popular sites.

To make profit no. To increase the profit (more than the ammount I'm suggesting in the OP) yes.

But is not mandatory.

The method is open, you could do it at your own way.

I do it from VENEZUELA. I do not even 1 thing offline. But for people in USA could do offline things and earn a lot more, but is not the main method that I'm sharing.

partnership means we'll stay in contact always and we'll work together. I'll share may clients and you'll share yours etc. Because it's not saturable, and since I have several months in the business, I already have good contacts and It's just easy money.

PS: Is not one or the other. Main product is the mentoring. The extra price is to become a partner.

There is no PDF file, so everything was in a chat form.

Let's get straight to the method itself:

- 1) To be able to execute this method you or the person you know has to be in US.
(US residents = about \$1000-1500/mo.) Non US about 50% of the amount made per mo as another half is going to your partner in US.
- 2) Totally whitehat. Won't put your PayPal account in risk. It is not autopilot. In order to see earnings you need to actually put in work.
- 3) Needs investment, but you can start with as low as \$10.
- 4) Involves talking to people and selling. (Selling is easy as there are always demand)

5) You are profiting in 3 different areas related to this method. For example: you can turn \$20 investment into \$45-50.

6) Some of you already know this method. You are doing some sort of service for your clients. However, OP is practically spoon-feeding you, meaning you get access to his clients (that's where you gonna make money).

I would say it's totally worth \$40. You get step by step instructions with what to do and how.

Earn around \$500 monthly with my personal method.

I read information about this method some months ago, but it was uncompleted. I decided to give it a try, adding some twists to it, and now I have a solid method to have a nice and very easy extra income.

I want to be explicit. With PERSONAL method I'm not saying neither NEW or PRIVATE or

EXCLUSIVE. I say PERSONAL because this is something I DO MYSELF currently, and I designed it myself, because I just read about the first part of the method, but I make profit with the new things I decided to implement. I assume this could be being used by other people because I'm not a genius, so I won't put "PRIVATE SECRET EXCLUSIVE METHOD". This is an honest thread.

I study medicine and I CAN'T WORK 24/7, so this income is what I get investing only about 2-3 hours a day on weekends. If you want to work daily on this, you should be able to make a lot more.

Why are you sharing your method?

2 main reasons:

1. Is not saturable. I wouldn't share this if I could be affected by many people joining.
2. Extra money. As simple as that.

What do you need to be able to use this method?

This is a WHITE HAT method, so we will be using real life information. You would need:

- You need to live (or have a friend/relative/partner) in the USA.
- A real and solid PayPal account.
- A real US bank account with credit card.
- Money to start. Method requires investment. I started with \$50, but currently I invest around \$300 - \$500 to increase the profit.

This list is only about the vital requirements for the method to work. There are others requirements that if you have them, you'll start making profit faster, but I will share these after payment since it involves talking about the method. If you don't have these extra requirements, you'll just need more time to start earning money. Having what's listed above is enough to know you are able to perform this method.

Note: I live in VENEZUELA. That's why I need the help of a partner that lives in USA and have these requirements. This is why I only make around \$500 monthly. If you are a US citizen, you'll be able to get the whole profit of this method and you could earn more than \$1000 if you do it right. But, since I'm making an honest thread, I'm only offering about \$500 profit that I'm 100% sure you'll be able to make even if you're not in USA, just like me.

What am I paying for?

You'll pay for a 1 to 1 mentoring via Skype or Discord.

I decided to not make a simple eBook about this. I want to explain this step by step in person and also avoid the piracy. In this mentoring I will explain to you how this method works and I'll help you through your first time making profit. After that, you are on your own.

Also, for an extra payment, you could be associated with me. This means I would share with you my contacts, and that we would be always in touch in the business. Once you know the method you would understand the benefit of this.

What's the price?

Mentoring: \$60 \$30 USD in BTC for the first 3 clients

Partnership: \$40 \$10 USD in BTC for the first 3 clients

Partnership is an extra payment. Main product is the Mentoring. If you add the partnership ammount it means you want a long term relationship so we share conacts, clients and tips always, since is a not satuable method. Payments ONLY in BTC. Don't ask for different method.

Terms:

1. Every sell is FINAL. I won't under any circunstances return the money. You should ask anything you want BEFORE the payment.
2. I can't guarantee a exact profit ammount since this will depend on how much time you invest, how much money you invest and your personal skills.
3. Mentoring will be set in a free time of mine. You are not paying for a mentoring in the next 24 hours.
4. Prices and terms could be changed without any prior notice

I decided I will downgrade the price untill I get some clients. Method is still working, it is better than ever. If you have questions let me know.

Last price drop for this method since It has not had any sales.

After the first clients, and that these give their review about the method, I will raise the price again.

The method is only \$ 20 for a limited time.

FluMist - October 13, 2019, 3:21 pm

I'm pretty interested in this especially the part where we share clients. And I'm free right now if you'd do the mentoring. Just what more could you tell me about how fast COULD I be making profit (and how much more work or money I'd have to put into it)

If you are a regular online shopper (you won't need any skills in selling or something) you'd be ready to profit in just a couple of days.

Easy is easy as fuck, it doesn't need skills. Maybe you'll need just time to be ready to start profit but once you're ready you won't stop.

Let me know.

Is this for mentoring and partnership or just mentoring?

GenkaiWolf - October 13, 2019, 8:05 pm

Curious about the earning potential for someone located in the US? About how long does it usually take to make a sale using this method? Especially if the customer base is already prepared to buy?

\$20 for the Mentoring. With mentoring you should be able to go on your own way. But for extra \$10 I'll share with you my contacts

There is no customer base. You are not forced to sell anything to profit. If you want to profit a lot more, you can sell some products you'll get, and it's totally up to you how to sell them, but that's not the main method and it isn't included inside the promise of being able to profit.

Thank you for your trust.

MiamiHeat is now receiving an online mentoring. He should be able to leave an honest review about the method and hopefully a profit proof in some days.

Honest Review:

He called me on Skype and went over it all step by step. There's 2 parts to what he does. The first part is something that i've done in the past but haven't in years. It's not private in any way but it I don't think too many people on here do it and it is a great way to get products. The 2nd one is not really a method at all but basically just a way to help really monetize this at a larger scale. Both of them added together is a great way to make some extra cash and something that I have not seen on here before.

The profits that he mentioned are definitely attainable. Setup time is dependent on a number of different factors and saying it will give the method away so I won't. But in my case, it didn't take any time I was already ready. You do need to have money to start on this so the amount of products you get back will be dependent on the money you put in. I paid the extra \$10 for his contacts. They aren't "needed" but in my opinion it makes this easier and more cookie cutter. I can go out and find them on my own but since I'm buying a method, I'd like to be spoon fed with everything that I need.

What it's missing:

What I would have liked to see is it written in a text document with every step laid out. Mainly with links on where he found his contacts, more details surrounding. He gave me suggestions but I want specific links on what worked for him. The do's and don'ts of the method. What to look out for so you don't get scammed. Again, he gave me all of this already over he phone but I would have liked it in writing so I don't forget. I would have also liked for his specific contacts to be included in the price. I don't believe I should pay extra for that.

Overall I would give this method a 8/10. If you live in the US and do both parts you will get free stuff and make money in the process. There's no way you won't be able to unless you just don't follow his instructions. Probably more than what he suggested in the title if you were to do this full time. It is not possible for this to be saturated because so many people do it and there is always a constant need for it. Absolutely no way can too many people buy this and ruin in. His communication is great and has been able to answer all questions that I've asked him as well as give me tips on this. 100% worth the money I spent on it. I would take advantage of the low price.

I wouldn't like to have this written since these days everything gets leaked. I believe a 1v1 mentoring is better even for the links (also remember they change and I don't want to upgrade a text time to time). Besides that, remember you can still contact me and I'm here for any question you may encounter in your own path.

I appreciate your review.

Another user already purchased the method and should leave an honest review soon too.

After his review, price will start going up as it should be.

For any new visitor, you're free to ask whatever you want. Be quick if and take this at a low price.

Wanted to let know that ONLY 1 MORE SALE will be at \$20. JUST ONE MORE VOUCH I'm looking for with this price. After this, price will be higher as it should.

Read the OP, read the vouches, read the terms and, if you're ready to start this method and have a very easy extra income, just open a contract and let me know.

It would be really difficult to find an USA partner to do this with you. Sorry. You need to be related or at least be friend of this person in the USA, since he would have to share with you some personal data.

Earn around \$500 monthly with my personal method.

I read information about this method some months ago, but it was uncompleted. I decided to give it a try, adding some twists to it, and now I have a solid method to have a nice and very easy extra income.

I want to be explicit. With PERSONAL method I'm not saying neither NEW or PRIVATE or EXCLUSIVE. I say PERSONAL because this is something I DO MYSELF currently, and I designed it myself, because I just read about the first part of the method, but I make profit with the new things I decided to implement. I assume this could be being used by other people because I'm not a genius, so I won't put "PRIVATE SECRET EXCLUSIVE METHOD". This is an honest thread.

I study medicine and I CAN'T WORK 24/7, so this income is what I get investing only about 2-3 hours a day on weekends. If you want to work daily on this, you should be able to make a lot more.

Why are you sharing your method?

2 main reasons:

1. Is not saturable. I wouldn't share this if I could be affected by many people joining.
2. Extra money. As simple as that.

What do you need to be able to use this method?

This is a WHITE HAT method, so we will be using real life information. You would need:

- You need to live (or have a friend/relative/partner) in the USA.
- A real and solid PayPal account.
- A real US bank account with credit card.
- Money to start. Method requires investment. I started with \$50, but currently I invest around \$300 - \$500 to increase the profit.

This list is only about the vital requirements for the method to work. There are others requirements that if you have them, you'll start making profit faster, but I will share these after payment since it involves talking about the method. If you don't have these extra requirements, you'll just need more time to start earning money. Having what's listed above is enough to know you are able to perform this method.

Note: I live in VENEZUELA. That's why I need the help of a partner that lives in USA and have these requirements. This is why I only make around \$500 monthly. If you are a US citizen, you'll be able to get the whole profit of this method and you could earn more than \$1000 if you do it right. But, since I'm making an honest thread, I'm only offering about \$500 profit that I'm 100% sure you'll be able to make even if you're not in USA, just like me.

Mentoring:

Very simple straight to the point. No fluff when it came to explaining the method.

Method:

This method I believe hasn't been sold on HF before. I have been on this forum for a very long time & haven't come across it. I have spent my fair share of money on methods I think this one is honestly a home run. If you have \$40 bucks to spend I would definitely buy this method.

Lmk pls and thank

PMed you'll three.

People, I'm about to raise the price again since Started to have too much partners, and even when method isn't saturable, I won't be able to handle that many people under me. So, soon, price will be \$40 mentoring and \$20 the partnership.

If you have any questions, I'll be able today to answer. Be quick and become my partner before it is too late.

B?????araka - December 9, 2019, 10:27 pm

Purchased this today.

I will give this 10/10 so far.

User explained in dept everything there is to know and walked me trough the whole process to get started and steps to follow.

Looking real good and promising, and will 100% put time into this.

Ps. Will post earnings once i get started.

Thank you, friend.

I'm increasing the price once again. This will be the second to last price. After 2 more clientes, I'll restore the method + partnership to the original price of \$80.

So, for limited time, Price will be \$35 the method, \$15 the partnership.

BIG VOUCH!

I purchased this method on December 3, and since that day, I was able to start working. There are a few more requirements besides the ones stated in the original post, but I can confirm that those are the principals. If you have those, you'll be able to complete the other extra requirements. Luckily, I didn't have to complete anything. I was fully ready to start working.

This method is unique. It's incredibly easy to understand, and I'm shocked I didn't hear about this before. It is about two methods in one, but OP was very smart to combine them and make a profit from it.

You have to make small investments. You can't purchase the method having only the money to get the mentoring. On the other hand, investment is free of any risk. There's no way to explain this without knowing the method. I don't live in the USA, but I have a close friend over there. This allowed me to profit, but if I'd live over there, I'm sure I would make more.

I paid for the partnership as well, so OP is doing a lot of the work for me, as we agreed. I have to say it is a very simple and easy extra income.

OP says it is not saturable, but I do believe that if he still sells around 50 or 100 more copies, the business could start slow down. I'm a little concern about that, so I'm asking him to stop selling it after some more orders, or at least to increase the price. I hope he does since this is a goldmine.

As I said, it is very easy to understand, and, since I had all the requirements, I was able to start right away. Since I started working pretty soon, I already got some payments on my PayPal. I'll leave some screenshots over here. I'm happy I found this thread and that I was able to know and work with Dr. Einyel.

Not involves drop shipping.

Every sell is final, no refunds, because, if you fullfill the requierements on the main post, there's no way you won't make money. What could varies is the ammount and the speed, but you'll make money. You'll be able to get back any investment you make, including the mentoring price.

What if we did exactly the same and we never made the money?

Isn't it like you'll mentor from beginning?

Does this includes ewhoring?

If you do what I tell you to do, there's no reason why you wouldn't make money. This is not a scam. This has been sold many times and you don't see any bad review.

I do mentor from the top, I explain everything, and if you pay the extra \$15 (limited time price) you get to work directly with me. It means you'd be able to make as much money as I do.

Is not related to eWhoring. PLease read the main post.

I really like this method. OP took the time to explain it to me from a to z and I am excited to get this rolling. I can see how you can easily make some money off this and I think I found another side gig that will actually go somewhere.

Thumbs up for this so far. I will elaborate my review once I start actually working with it.

You don't need to talk to anyone face to face. All can be done from your PC.

You would make around 22% on profit on everything you invest.

The investment is at your own speed. You'd make around 22% of whatever you invest. The payout of the investment usually is in about 1 week.
