I asked OP to do an exchange a week or two ago where he said yes. Then tells me to start contract, which I do so the dude can disappear.

Then today I ask him again, to the same results. I ask him if he can do it, he says yes, then disappears and doesn't respond again...

All I have to say is if you're gonna do an exchange with him, be careful cause OP loves to hop off after telling people he can exchange their money. Awful service, will not attempt again.

This user can obviously not read, ask me for 30\$ exchange when the thread clearly say 100\$+. Also get mad when he does not get answer immediatly.

If you have the same mentality as this user don't bother contacting me, I DON'T WANT TO DO BUSINESS WITH YOU.

Nah, I can read and first time I did need \$100+? So clearly you are just a terrible service. Also, No I get mad when you say yes you'll do an exchange then disappear like so:

Spoiler [\(Click to View\)](#)

Clearly didn't know much how I had but still said yes and immediately got off. So by you saying "This user can obviously not read, ask me for 30\$ exchange when the thread clearly say 100\$+", you just don't make any sense.

Now if you asked the price, then didn't respond then that would be different and that statement would be valid; But you didn't.

My only point is don't say yes that you can exchange people's money then hop off and disappear.

Here's the first time I asked and then said nevermind cause of the same reason.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
