Guys please check this out and give your honest opinion, i want to learn and improve, i am currently into photography and film making, slowly venturing out in GFX and VFX.

Thank you for your time.

Not to bad for your first time, I would recommend making the text a little better.

Currently feels out of place, and the gradient effect on it doesn't fit as well as it could.

Good job though!

Everything is aesthetically pleasing except the text. It just doesn't fit.
