No offense but this is still njrat and these changes have merely improved what was already there, and was a pretty trivial upgrade.

not when he can see your sharing the same IP with 5 other members cause you probably use the same vpn on all accounts, or just dont use one at all

also [Screenshot by Lightshot](#)

Just thought I'd show you, hint hint I DID NOT REPORT THIS. Someone beat me to it

maybe the same vpn supplier

?ystem - July 21, 2019, 8:10 am

Looks like you've been outed OP. Nothing about any of this makes me comfortable.

Vermillion Law#1304 - July 21, 2019, 8:52 am

A message to the coder; if you possessed the ability to make all these changes to njrat then why didn't you code one from scratch? Why base all your "work" on something's that's free and why would anyone buy this with the knowledge that nj rat is indeed free? I would share this for free since it's not original and there are also versions of njrat with hRDP and such. Thanks.
