Thread: [Question About Paid Stickies](#)

Android 17 - July 20, 2019, 3:50 pm

I have a sales thread in the Ebook Bazaar. But I wanted to purchase a paid sticky in the E-Whoring section.

How do I make sure that my old thread is trashed or will it be moved once the sticky is bought?

Can I request it to be trashed so I can make a new/improved version since I'm purchasing a sticky??

Thanks in advance ?

You could ask a staff/mentor member to delete your old thread and then create a new one and purchase it via the sticky system.

The thread will be moved when the sticky is active.

You can also use unlimited edits on the thread when the sticky is active.

Thanks so much. Closing this now.
