Quote:Suspect In Murder Of New York Mafia Boss Wanted To Date His Niece: Reports
Anthony Comello, 24, was reportedly upset by Frank Cali's efforts to stop him from dating his niece.

Quote:On Wednesday evening, someone backed a pickup truck into Cali's Cadillac Escalade before ringing the doorbell of his Staten Island home, drawing Cali outside, authorities said. The attacker then pulled out a pistol and repeatedly fired into Cali, leaving him fatally wounded, according to police.

Surveillance video and fingerprints recovered from a bent license plate at the scene linked Comello to the shooting, police said.

But why.....that's what has me confused. Such a drastic story change and one claims to have irrefutable evidence if the camera footage is a real thing.
