You know you're in the friendzone when you're proxy selling her nudes for her.

Edit: I'll pay \$100 BTC or PP for a video of her shoving a Buzz Lightyear toy at very least wings-deep into her pussy, and pressing the button that opens the wings. Please let me know. This is a serious offer.

Not social media. No platforms I use would allow it. I'm thinking porn sites, where it might go viral. I'm not... quite... into it, but it'll be a fun time regardless. I went from being funny about this to dead serious when he said she could do it. Funny, but also has potential. ? I have zero intentions of humiliating anyone for anything, trust me, I get the struggle.
