Using some random verification photo for my personal profit is not really my pair of shoes. I had no intentions to use or abuse that verification photo in any way. It's just a verification, and it should be free. If she's real and trying to make a bank, that shouldnt be an issue.

I had no intentions to use or abuse that verification photo in any way. It's just a verification, and it should be free. If she's real and trying to make a bank, that shouldnt be an issue.

Yeah for sure, that way she'll have to make verification selfies all day long.

I can already see it happening, all ewhore dude's are using her pictures but need a new verification picture for one of their daddys and then contacts her.

I do understand what you mean tho but it's basicly asking a website developer to proof his skills by coding for free, over and over again while he's already vouched very well by multiple people.

Like I said I invested now almost \$1k into her and already am getting big profits back within the 2 days from when I purchased because she's real, and can do shit when I need it done, unlike ewhore packs where pictures/videos are pre-taken.. this is the best kind of service for this and this dude dissing her is legit mad because she won't give him free shit.

The pic of her in the thread shoulda been enough.

I don't think he's mad just cuz he doesn't get a verification picture that doesn't make sense, Bell isn't the only girl online he can reach out and not the hottest girl online either (sorry bella, we're still cool), he can go to pornhub and see plenty if he wants.

His request isn't out of wack, maybe he isn't into ewhoring and he didn't thought of that before and expected her to have maybe 1-5 people contacting her daily.

You can not expect someone to know everything.

As i told him "I do understand what you mean"

He sells verification photos and was asking for a free one,
If you're smart and think about that, why does he need a FREE photo if he's selling his own.

I'm actually a friend of bella, i'm just being mature and trying to understand his side of things, that is what intelligent mature people do.

You are talking about braincells and what not but you do realize that it are the dumb people that always start throwing insults right?

Your body might be 20 but your brain is definitely under developed, i should feel sorry for you but i don't.

Let me just hop in the conversation, you're right. People don't understand because they're a certain age that their mind isn't the same age.

Now as I said I'm almost 20, and bella can vouch. I just died laughing how this kid doesn't see that that other fat snicker eating cuck who bashed her for not giving a free verification YET.. wait for it..

He sells his own ewhore verification pics on HF.. put 2 and 2 together and you'll get the drift. Anyways gn, not gonna argue with a bunch of gremlin lookin kids who obviously never graduated highschool

Of course, since I'm right in this situation you're gonna insult me with that little "underdeveloped" joke, but just know I'm more successful with both internet marketing and crypto trading than I do than you ever will be thriving off services and leeching methods on HF.

Sorry to burst your bubble kiddo.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
