Buy low and sell high ?

**DNA** - July 27, 2019, 4:28 pm

Be racist, be belligerent, hire employees you can't afford, don't pay those employees, use fund's and invest in high yield investment profiles.

Then declare insolvency.

This would be funnier if someone I once knew didn't do this.

**Pluxo** - September 5, 2019, 5:34 pm

One of my best is to always tell your customers to fuck off.

**seri0us** - September 5, 2019, 6:03 pm

Buy high, sell low. You'll have a lot of customers trying to buy from you low. Very nice traffic! :)

**Dead Presidents** - September 5, 2019, 6:56 pm

Piss off the customer so much that they actually buy the service.

When your customers want something, don't give it to them. Also be as disrespectful as you can,

they'll surely come back for more business :D
