Here's a video that proves our conversation and that its the steam url he provides in the contract
<https://streamable.com/luuig>

The deal started he messed up the contract and put the wrong account supposedly he claimed in PM that his account was too new

Proof: <http://prntscr.com/okluag> (In the VIDEO you'll see the URL is the same)

He has been actively browsing HF and sending PM's and just ignoring my steam messages I assume because he has two active disputes he might be exiting I don't care I lost \$300 just wanted to warn the community

EDIT: Since writing this he has scammed another person

TL:DR User seems to of scammed for around \$400 so he must be pretty broke LOL

mestyc - July 26, 2019, 4:40 pm

yeah, he just scammed me out of \$30 rofl, do not deal with this user.

I saw he was PMing you I wanted to PM you and say he was taking forever on a payment but I put trust in him and that was a mistake sorry for your loss

luke - July 26, 2019, 4:43 pm
