A replica parcel was sent to Davies and following his arrest, police searched his house.

Ivex - July 29, 2019, 6:02 pm

This would've been major in the UK.

They're so rare - we wouldn't be prepared.

All I can say is that man was gonna turn gloucestershire into Gloucestershire.

I can't wait to hear again how the usa is so fucked up with school shootings when people fail to see half the damn world is dealing with the mentally ill using guns for mass shootings.

dailybeast - July 30, 2019, 12:07 pm
