I wanna hear some beautiful positive quotes from some of you beautiful members. I'm looking for some original quotes if you can come up with some, if not just share some nice quotes you've heard in the past, just make sure to give credit to whomever came up with the quotes. :)

I try to remind myself that every time I feel like I'm stressed, overworked, or just tired.

I always update my signature with quotes, just because I don't believe in advertising, so I'd rather use it to inspire.

"Nothing in life is promised, except death."
~ Kanye West (YEEZUS)

Made me realize that all I had was time and I wasn't investing it in particularly wise ways. I went from being perpetually high off of just about anything and everything to working my ass off and becoming Project Manager (where I still have to work my ass off) at a construction company. Now, all I do is bitch millionaires on a daily basis because they can't afford the custom house they want. Even gave away my dab pen the other day because I realized I just didn't have the time for it anymore.
