Thread: [30% Bonus for Buying a \\$50 Amazon Gift Card - 1st time GiftCard buyers only](#)

Will only work if you've never bought a GiftCard on your account before.

I am unaware of any country locks, only know of it working in the US.

Edit: was just told "only works for targeted people" so check if it works for you. Works for me, doesn't work for Orgy, so idk what the requirement is.
