Thread: [If you had access to Trumps account\(s\)](#)

Rico Project - August 2, 2019, 11:43 am

What would you say or do? If you had access to at least one of his account(s)? His twitter for example?

Brew. - August 2, 2019, 11:45 am

That he's gonna nuke north korea in 2 hours.

MavenGradle - August 2, 2019, 11:45 am

Here's a fun little trick for you:Go to a celebrity's twitter account

Scroll down

Keep scrolling down

Scroll down some more

Wait for it

Stop scrolling until you find a link with a domain that's no longer active/expired.

Now go ahead and purchase said domain and put something funny on there or whatever you like.

All you have to do now is retweet the celebrity's old twitter post and put some funny hashtags on there and generate quite a bit of traffic that way.

I wouldn't say anything. That's a real great way to ruin OPsec and become a national security risk.

Parks - August 2, 2019, 12:34 pm

Bitcoin is the future buy it now! That or a shitcoin I got bags in. ?

debian - August 2, 2019, 1:51 pm

You would disappear and end up in a black site where they would interrogate you forever trying to figure out how you got access

Mr. Robot - August 2, 2019, 1:54 pm

I would do absolutely nothing and report the fact that I somehow had access.

Doctor. - August 2, 2019, 1:58 pm

I would just tweet "buy bitcoin"

Ivex - August 2, 2019, 3:17 pm

I would first move to a non-extradition country. Put all my money into a shitcoin. Tweet on his

account raving about it. Cash out. Immediately invest my money into insane security measures for my property. Live like a king.

Fruitcake - August 2, 2019, 3:21 pm

Loadup around 100k in spy puts and tweet some more tariff Bs

WRX - August 2, 2019, 3:51 pm

DNA - August 2, 2019, 3:59 pm

I'd post "I resign" and hope it was taken seriously

W3 S33 4LL - August 2, 2019, 4:38 pm

I would tweet donation links to various foundations for children/adults/animals. This way people would donate with the "reassurance" from trump. ?

Probably the best answer here..

As you may end up with a job, or paid well for ending up having access to a top leader's account info.

Then you disappear. You think the feds don't have the means to find you? Your average vpn won't save you.

yourusername - August 3, 2019, 4:54 am
