?Apocalypse - August 3, 2019, 8:32 am

I'll take a vouch copy.

Thanks!

Yin Yang - August 3, 2019, 8:45 am

Any reviews on this method? I don't see any

SIM-2508228 - August 3, 2019, 9:21 am

Since the delivery time is 5 days i would have to update my review but it just took 30 seconds to get 4 of these items for free and my order was confirmed

For now id vouch for this product and if it gets delivered without issue you may want to increase the price

isu - August 3, 2019, 10:56 am

Does it work in Europe?

Reminder that all reviews/vouches must have a contracted customer badge. Please fix this so you don't get banned.

Hacker77 - August 3, 2019, 5:54 pm

I am interested but is it possible to to get a discount. 40 USD is a lot for me

Anzee - August 3, 2019, 8:38 pm

I received a vouch copy and I have to say that it's extremely well written and there's a ton of money to be made here.

The only problems I see is that you need many addresses/drops after a while because you may burn the address and access to a card with a few cents on it.

I do suggest you increase the price and stop providing vouch copies!

Thanks a lot reyes and I'll be keeping you updated with my earnings.

20charHey Isu, I'm sorry for the tardy response. I lament to tell you that it doesn't seem like this method would be applicable outside of the United States. I promise you the first vouch copy of my next international ebook.
Thanks for your interest.

The best I can do is honor my first offer of 40 dollars before I drop the next price.

Thank you.

Not even close. It has nothing to do with it.

PayPal is unrelated to the method and you only need \$1 in the account to verify the CC for the order.

Either way, I'll be posting images of my loot soon.
