tamaramisu - October 30, 2019, 7:46 pm

I cannot PM you yet ? are you still doing this? Let me know. I need to locate my daughter whom I haven't seen in 2 months. my husband took her to California from Las Vegas and since we are still married, law enforcement cannot help me until there is a custody order in place. I am beyond devastated and I need help getting his current location so I can get my little girl back.

ozzy_lol - October 31, 2019, 1:55 pm

I'd appreciate a dox on this man who has previously attempted to dox me. I can't PM you so I'll just leave my info here /shrug

Name is goon, used to go by deltamyth. Claims to live in San Jose, CA but I don't know if this is true or not.

I don't know his first name but I know his last name is most likely "sandoval" and was born in 2007.

I have his e-mail but I don't want to give it out publicly, so I need a way to pm you.

Thanks!

I need help by someone generous enough to help me as goodwill. I've been cheated by my wife who is having affair with some people, she has transferred all money from our joint and personal bank accounts. I have lost my job last year so never knew when she did all this till I came back home. This one year she has tortured me badly and made my life hell . She has hacked my mobile somehow and kept a record if my chats with my female friends and threatening me with that. Though I was never physical with anybody and my chats reflect that too. But since she is in physical relation with some peoples she wants to blame me before I approach court. I want to separate with her so need a proof of her chats with her bf's. Can anyone help me get her social sites chats from her mobile.
