Thread: [FREE Middleman Services ~ No fees whatsoever ~ the easy way to make a deal.](#)

Gigabyte - August 4, 2019, 4:05 am

Hi all,

I'll be offering free middleman services throughout this summer. Simply shoot me a PM if you're interested and we can sort it out. Obviously you'll have to cover any payment fees.

Thanks.

It's kind and nice to propose this type of service, but you should really really wait few more years before starting a thread like that.

You are not "trusted" enough. Actually I'm pretty sure no one knows you...

Thanks for the advice, and I understand I haven't been here long, but this is just open to any small deals where someone urgently needs an escrow.
