Always a pleasure working with you.

I'm still offering my services.

I have used Neos07's service 3 times now and I am very happy. I pay him 50% upfront and the other half when he finishes the work. He always finishes the homework several days before the deadline and gets a good score. I would recommend his service to anyone that wants professionalism, punctuality, and great communication.

This man is professional and one of the best. Huge vouch.

Thank you for your vouch! ?

I gave him a contract and he completed within a few hours. No issues at all. Always fine paying upfront because he follows through. Seriously, can't vouch enough for any coding work at all. He gets it done.

Neos07 did an impeccable job with my java project, the final project exceeded my expectations and was finished quickly. In addition, another part of my assignment was done that I didn't ask for but greatly appreciated because I still needed help with it. The communication was quick and coherent as well, I highly recommend Neos to anyone that needs to get there homework done!

Geek - December 3, 2019, 12:28 pm

Would definitely use Neos07's services again.

SIM-3644303 - December 5, 2019, 2:46 pm

Zen - April 9, 2020, 12:07 pm

Neos is the MAN to go to for coding assignments, I've used almost all the popular assignment services here on HF and none of them are as professional or as quick as this guy right here. He's done plenty of work for me and will continue to be my main man for all coding assignments in the future.

twicetzuyu - April 9, 2020, 3:31 pm

HUGE VOUCH!! This man is amazing, you give him steps and he follows them precisely. His prices are 100% reasonable and he got it done before the deadline, couldn't be any more happier. Thank you so much!!

Netrich23 - April 9, 2020, 4:52 pm

Vouch, he got my work don extremely fast and taught me a few things! His prices are very reasonable and he charged a fair amount for the deadline and work I gave him.

twicetzuyu - April 12, 2020, 2:37 pm

Vouch, hes extremely helpful and got the project done in a very fast time frame. He also sent me progress updates and helped me near the end and showed me results of what the app does. Please go to him if you need any work done!

Flowtype - April 16, 2020, 1:37 pm

0x4D - May 14, 2020, 9:09 am

are you interested in malware stuff?

TheLegendary - May 16, 2020, 8:16 pm

Just finished a Java(GUI) Project he got it done waaay cheaper than other members, the time frame he gave me was 1-2

asked for multiple(6-5times) revisions and small error fixes and he always resent a new/modified file will definitely come back for future projects.

timeframe = 10/10

price = 10/10

code/comments = 10/10 (everything is clearly commented

overall this project would've taken me 2-3 weeks (30hours a week) to get it done and he finished it within 3-4 days

Betbet - May 17, 2020, 2:42 pm

Commented on wrong thread, sorry

TheLegendary - June 4, 2020, 3:39 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
