Could i get a vouch please?

Actually nevermind i dont need this

N3wb Gamer - August 6, 2019, 8:55 pm

Took a vouch copy from the OP. Talked to him over discord for sometime before I decided to go through with it. Provided me a song/coverart and responded to my questions pretty quickly during the submission process. Ran into a small hiccup during the process and he fixed it right away. Can't wait to see how this all plays out.

Seems legit so far and will update my review once it gets published. Thanks and GLWS

By default we spread your streams across 7 days so 10k streams would be roughly 1.4k streams per day. For other options you can contact us.

Sibil - August 7, 2019, 6:07 am

Botting streams will get your acc banned.

Also, 1k streams = 3.3\$ not 4.5\$

If you do it obviously ofc your account can get banned. Thats why we split the stream which are ordered and deliver it slowly day by day. That makes it look normal.

Also these 4.5\$ per 1k is an estimation these numbers vary because you have to take genre and more in account.

(Aug 10, 2019 07:23 AM)Demonata Wrote: [\[CITE\]](#) Have payment proof? Since only have your word you get payed?

So only 3.50 for one song?

Well this service is fairly new but some of us already got paid. Spotify stream botting is a think for probably over 5 years now and many people already got paid from it. Therefore the method works just our service is too new to have any other payouts.

The 3.5\$ for a song depend on how many you order. 3.5\$ is the best deals if you buy the most. If you buy only one we would talk about 5\$ for a song + cover.

If you have further questions feel free to ask! :)

There is no strict cap. 100k streams a month are easy to handle as we are doing a lot more than that at the moment. For higher requests like 1 millions Streams ask us first but normally we can figure something out.

PM'd all of you.

No there is no package to get songs done from us. At the moment we have stopped selling songs seperately. They are only available in starterpacks
