Thread: [Naming Family Guy Episodes](#)

DNA - August 8, 2019, 1:30 am

I have on Season One but with 14 episodes, I can only find names for the the first 7 episodes.

Between Season One and Season Two, there are 35 episodes in total between the two seasons (instead of the 28 that went to air), I can only find the names for Episodes 1-7 of Season One. There were apparently 7 episodes on Region 2 and Region 4 (but can't find anything online).

Does anyone know the names of Season One, Episodes 8-14?

Moderators, Feel free to move this thread if not in the right place

Is it possible that they weren't all named for Season One?

Apparently. According to what I can see. Road to Rhode Island is Episode 13 according to the name list, but is the 6th episode of season 2.

Highly confusing but I think that's the issue.

Was gonna just edit thread and close but there's a response so I'll simply close.
