Thread: [\\$20 PayPal - Bytes Rumble Battle](#)

device - August 8, 2019, 5:56 pm

Fellow members, I've just ended my previous contest:

<https://hackforums.net/showthread.php?tid=5992039>

Also here are my previous ones:

<https://hackforums.net/showthread.php?tid=5881393>

<https://hackforums.net/showthread.php?tid=5762724>

I just love the feeling of announcing to someone they have won a prize !

There is no end date, end date is when goal is achieved.

Here is how it goes:

1. The number will be 1000.
2. To win the prize donate me any number of Bytes between 2 and 60 and post on the thread with your donation, when you do I will give you half back.
3. The first user to get the Bytes counter to 1000 wins the prize. There are no entries limit. You can post multiple time but have to donate each time.
4. You can't donate again if nobody has posted after you. Once someone posts with their donations, you can again.
5. If the bytes counter goes over 1000, bytes donation will decrease the number by the value of the donation.
6. When you post, write the current Bytes count of the contest after your donation. "First person donates 20, he writes 20", "you donate 16, write 36".

I will get the Bytes back to you when I'm online, don't worry if it's not immediate :)

Good luck !

Yurizon - August 10, 2019, 12:23 pm

Done sent bytes.

I take number 525

I take number 525

Hey ! You donated 12 Bytes so the current number is 12 not 525. If the next user donates 30 Bytes then the count will be 42.

Yurizon - August 10, 2019, 3:45 pm

Okay. Thanks for notification.

ZeroOne - August 17, 2019, 11:48 pm

Let this thread live. I donated 4 bytes making the current total 16.

Thanks!

ZeroOne - August 21, 2019, 12:39 am

People don't like free money anymore. ?

Game - August 21, 2019, 2:23 am

Donated 60 Bytes. So... 62?

Adolf Hipster - August 21, 2019, 2:27 am

Just donated 50 Bytes so... someone do math for me.

device - August 21, 2019, 5:52 am

Current count is 126. Let's get this number up.

CORRYL - August 21, 2019, 5:53 am

Donates 11 bytes, my number 133 ?

ZeroOne - August 22, 2019, 12:01 am

Count above me should have been 137.

Donated another 40 bytes making the current count 177.

Get it up boys, let's win \$20.

ZeroOne - August 24, 2019, 1:48 pm

@OP I didn't get half my second donation back.

device - August 24, 2019, 2:25 pm

Done.

jeremiah2.0 - September 26, 2019, 10:05 am

Donated 2 bytes and some change, count me as 2.
