Thread: [Hi, new member here on hackforums](#)

n4r4k - August 9, 2019, 11:44 pm

Hi everyone

I am looking forward to discover new tips and tricks here. And maybe look for some work I could do.

Also I will try to help other people out with my current experience of cyber security.

Best regards

Glad to see people who have cyber security skills here ?

Maybe you could participate to the white hat category, would be appreciated, we always need help

Have a nice journey on HF !
