eWhoreLeader Presents Model'scription Database of my 10,000+ Female Models! (Updated weekly!)

Current subscribers/capacity:

6/12

What Is Model'scription?! I run a very successful Premium SnapChat website (as explained in my popular thread titled [\[VIDEO\] - My eWhoring Strategy](#)).

Everyday, the website gets the interest of 20-30 (all over the age of 18) models who apply. Unfortunately, my website simply cannot sustain all these models. I manually hand select the best one's. Usually 9's and 10's. But I have A TON of models that I cannot use. So I decided I'd share their information with our community! [READ MORE BELOW]

See the Live Database at [ewhoreleader.com/modelscription](#) See the Live Database at [ewhoreleader.com/modelscription](#)

Here are some excellent uses for these models:

- eWhoring (make picture packs)
- Webcam/CamGirl Recruiting
- Photography recruiting
- Stripping
- Exotic photography
- Affiliate Marketing (Referrals)
- Plus much more!

I will be updating this database every few days for the subscribers. As you can see, A LOT of these ladies have a lot of potential. It's all up to you to guide them.

FULL ACCESS SUBSCRIPTION What do I get with the Full Access? Full search functionality plus unlock all fields, which are locked from the public.

You'll have the ability to utilize the search bar through their entire profile by keywords such as "webcam", "snapchat", "stripper", "photography", "sold nudes", etc.

You will also have full access to their Instagram and Twitter accounts for researching the models even further

As a subscriber, you can search all the fields including Name, Birthday, Social Accounts, Email, etc

HOW DO I CONTACT THEM? My advice is to be professional when you email them and mention that your associate referred them to you to discuss an opportunity to earn a steady income with _____ (fill in the blank). Whatever you want the model to do (make picture packs, ewhore, photography, personalized video, webcamming, photography, etc). The more creative you are, the better use and more money you both will make!

PRO TIP! - If you want to make your email look very convincing and trusting, CC an address (make a gmail or professional looking address with a cheap domain). In the example below, you'll see that I have CC'd the referring colleague (Trinity Bradford). This provides an extra layer of trust and

dialogue and has a "group" or "team" invitation feel for the model, making it astronomically more likely that she'll respond and be very interested in learning more or getting started right away.

EXAMPLE EMAIL

If you want to take it one step further, hop on the 2nd email account that you made and actually respond back to the email thread (To: Charlie and Alicia) (From: Trinity Bradford), with a short reassurance to the model that Charlie is a fantastic person to work with and has connections to get her content in front of the right people to earn her excellent income. Wish them both the best of luck and mention she can reach out at any time. Boom.

(Aug 19, 2019 12:18 PM)Burnham Wrote: [\[CITE\]](#) I got a review copy. This is really a great product. The database is updated daily with new models that give their email, Instagram and Twitter info for you to contact them.

What you can do with these?

You can set up a business with these models following the steps of fancentro and snapbabes. Or you can encourage them to sign up as cam models in a webcam site like chaturbate, livejasmin etc under your affiliate link and get a passive lifetime income. Or you can get them to create some pic packs for you or custom content. Alternatively, you can offer them social media marketing services, basically getting them traffic, for a share of the sales they make.

The possibilities are limitless. Really great service.

Well done on the product.

I'm not sure I understand your question. Or is it perhaps you don't understand what the DB is. The worth of the DB is directly contingent to the uses and ideas of the subscriber (you). I have a few subscribers so far. One of them is a photographer and is booking photoshoots with some of the models by contracting photographers in their area. Another guy is the owner of several adult website I met on GFY (Adult webmaster forum), who is on looking for a particular niche of girls (tatted) for his website.

So the db (leads, in sales terms), is invaluable. But in the wrong hands, it's worthless.

I refer you to this clip from the movie, Glengarry Glen Ross:

[Video: <https://www.youtube.com/watch?v=elrnAl6ygeM>]

The DB that I am offering are like the Glengarry leads. The success of closing the leads into money depends on the salesmen (us).

Hope this help ?

Haha!! The 9's and 10's are the ones I hand pick to work for me. The DB has 1's through 10's. It's a vast variety.

James Burnham - August 21, 2019, 4:16 pm

I got some replies back. Most are not fat or ugly, just kinda unskilled with taking sexy pictures but you can always give them some examples of what kind of content sells and they can improve.

Are they actually real? Verified by ID is a MUST in this scene otherwise it's just another identity fraud.

(Aug 21, 2019 06:43 PM)TheGodEven Wrote: [\[CITE\]](#) Are they actually real? Verified by ID is a MUST in this scene otherwise it's just another identity fraud.

This is the first layer of info I gather from prospects. In my business, after they get the preliminary approval, that's when I request their government issued ID's, W-9, SS# etc.

So to answer your question, these applications do not include their ID's. But if you run a legit business, the next natural order would be to collect verification documents, as you should, indeed.

TheGodEven - August 21, 2019, 7:36 pm

Okay, thanks for answering.

I have to be honest with you right away, maybe you could improve your Thread accordingly or use this information.

On the first objective look, your Website seems a bit fake to me.

What i mean with fake is a simple illusion like we used to see on those premium dating websites where you actually have to pay to talk to people.

In the end you will find out it's 90% bot users.

I did not sign up or register since i'm not necessarily in need of real girls right now.

Anyway if it's real, good work and keep it up.

I refer you to the vouches to far. But I will take your criticism into consideration. This is the 4th iteration of the page. What would you suggest? As far as design? I'm trying to keep it professional by offering previews to our community.
