Tons of people are giving them away as some sort of League Partner event, if anyone could help me obtain one I would be eternally grateful. I don't think this would suit under small favours/rewards.

Some cheapskates are selling them, but that's BS.

Let me know ?

Edit: There's loads of NA codes being given out, I need an EUW one!

Damn! If someone has one for me, let me know! I'm EUW too

There's actually quite a few that you can only get via LeaguePartner :/

Unlocks the champion too.

Although I'm not a content creator I went ahead and tried to apply but sadly it gives me this message

Quote:We've temporarily disabled new applications while we process the current batch.
Check back soon!

Oh well I guess I will never get any ?
