Still offering this service.

Chilled - September 5, 2019, 12:06 am

Excuse my ignorance. Can't anybody just use a VPN to register different email domains?

gstar - September 7, 2019, 3:21 pm

Doesn't work like that no.

On the registration page you can only select @hotmail.com or @outlook.com.

Superharv - September 7, 2019, 4:11 pm

Can vouch for this. Easy transaction and email works perfectly. Thanks bro
