Price for the program: \$50

The file may have false positive AVs, but don't worry about it. The program is safe

When you purchase, you will be given an HWID code. Please PM me it to be activated. I have personally tested this vs handswap and it will beat all handswaps. I have yet to race anyone.

Purchase at:

[warn]

ToS:

No refunds

No reselling

Do not abuse my program

I take no responsibility if you lose a swap

If you start your own swapping service without my permission, your HWID may be removed.

No warranty or money back

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,  
Stanley
