Thread: [EWhore Mentor - I'll help you make \\$150+ a day \[10 SPOTS\]](#)

sleighty - August 16, 2019, 5:37 am

Hey, i'm sleight, and i've been ewhoring on Snapchat since June 2018, on a single Snapchat account. I currently run my account which gets about 5k views on every story, with 400 satisfied premium customers. Without going into too much details, I can say I have made more than \$25,000 in this period alone. It went from making 50-100 a day to days where I make \$300, 700, and sometimes \$1000 in a single day. I decided to open this thread because right now I am in need of extra funds, and also since a lot of people are looking to start ewhoring today.

Before I elaborate on what I will teach you, I will show some proof:

<https://imgur.com/84xE5OI> - Bought the laptop I am currently writing this thread with using EWhore money

<https://i.imgur.com/2eib2xh.png> - purse.io order from December

<https://i.imgur.com/ealrBTm.png> - This is from a customer that I milked for like \$2000, he knew how to use Bitcoin

I also bought a gaming PC I built for myself using ewhore money and it cost was like \$2000

So, if you decide to indeed go through my mentoring I will teach you:

- How to setup your Snapchat account, from A to Z

- Where to get/buy packs

- How to get INSANELY good traffic:

- How you could get paid, I will teach you several methods with one method being automated

- How do I recommend to act, answer, talk, what to do in every situation you might encounter

- How to verify if needed, find a workaround if needed and make the customer pay

- How to milk - the most needed thing to know in ewhoring. You know how to milk - You'll go rich.

If you have any more questions regarding this, you can PM me and ask. Do note that you will need to invest money into this besides paying for the mentoring, simply for the reason that you have some tools and stuff to buy for your Snapchat account before you begin. I will also show you how I work on my own ewhoring account so you can always ask me on Snapchat itself if I am not available on Discord.

The price for the mentoring will be \$150, and I accept BTC only.

Currently I don't have any vouches, but hopefully it'll change soon :)

I will give out a vouch copy to someone who is looking to start doing this so I could teach him all from zero and not someone who is experienced in the subject. Sorry.

That's a nice angle to be using for that, hope you find someone willing to learn properly then.

Look forward to seeing whoever it is post their comments on what they are being taught - GLWS then OP.

Thank you! simply looking to share my knowledge in the Snapchat ewhoring section. I started out a year ago as a newbie and worked my way up, I find it the easiest way to make money currently (that I know of) after you set everything up.

Hey, as I told Directory in PM, do you have anything to invest? Requires a bit of investing.

dandelta - August 17, 2019, 12:18 pm

Hi there, Hope I can receive a vouch copy and yes... I started working on ewhoring for past few months... not with much luck but have learned a good depth of SEing... considering I have always been a straight and truthful guy...

I am currently transitioning from KIK to Snapchat... I would be glad to have you as a mentor and achieve the same \$1000/day goal... because currently, I have been bashed out by my partners and now prefer the path of working single person business...

Hope you understand... Your mentorship vouch copy would be highly appreciated...

P.S. I joined HF post the time I started Ewhoring, which is a few months back... Would appreciate if you still take me as your ward...

Hello OP, is the main focus on Traffic? Is it known, is it paid?

GLWS

GLWS

The main focus is on traffic, indeed. I gain 5k views with a single traffic method but to be honest, the only thing you need besides traffic is social engineering skills. With my skills and what I will teach you I will show you how to "evade" complicated situations that ruins sales, such as asking for a verification you don't have, and simillar things to that. But yes, overall, the main thing is traffic. I am pretty sure my traffic source is pretty known, yet, I still make \$200+ almost every day. (For reference, today I made \$285, yesterday \$150, trying not to flex but that's the truth).

I'll take a vouch copy if possible

Benji - August 17, 2019, 5:23 pm

Why do you only wanna give a vouch to a newbie?

Xen - August 17, 2019, 5:29 pm

I'd be interested in the vouch copy, what investment does it require?

Ancap - August 17, 2019, 7:07 pm

I'd like to get a vouch copy, started working on ewhoring last week. Have money to invest. Thanks!

If I give it to someone who's in the field, it won't change anything because it won't really help him, I rather teach someone from 0

Do you offer any kind of discount on just what you do for traffic?

Everything else I'm pretty good at when it comes to ewhoring, I just need more traffic to convert. I currently only get about 500 views a day on my stories.

dandelta - August 18, 2019, 3:55 am

Hey there, sleightush, I did send you a PM, and a request for a Vouch Copy...

What is the style of mentorship here? Is it 1on1 through Discord? Is it an eBook?

Hey! It is a 1 on 1 using Discord chat and screensharing when I am available (I'll show you what I do and how), It's definitely not an eBook :) I will teach you EVERYTHING I know!

Hey! Sorry, no vouch copies available. I am waiting on 2 people that should organize funds to start as it requires investing, and then I will start teaching them. Thank you for asking!
