Thread: [\[75\\$\] \[AMAZON\] UNLIMITED FREE AMAZON GIFTCARDS \[SALE\]](#)

Alert - August 16, 2019, 2:11 pm

I am selling a method to get unlimited* free Amazon giftcards.
This is NOT a method to get you rich in a short time. This is something to spend small time on for a normal extra income
For contact, please leave a reaction or [send me a private message \(click here\)](#).

It's a easy method to generate Amazon giftcards (between 10\$ and 50\$ per giftcard).
You'll mostly get giftcards of 10\$, except if you are really lucky.
Repeating this method for 20 times, will easily get you between 200\$ and 1000\$ in Amazon giftcards.

Requirements:
- E-mail account. I would recommend Gmail, Hotmail, Mail or any other real mailing service. You can also buy my selfmade mail server.
- A PC or laptop. This will not work on mobile.
- 5 minutes of your time.
- Patience.

General information:
It's a noob friendly method, which will surely work better for people with more general knowledge.
The method requires patience. You will have to send 1 e-mail. This will take up to 5 minutes, can be done within 1/2 minutes actually.
After a few days (usually 1/2 days), you will have to send another e-mail. This e-mail can be sent within 2 minutes for sure.
After a few days, you will receive a e-mail with your Amazon giftcard code.
Personal average waiting time was 6 days (after testing it for about 70 times). This means 10\$ - 50\$ per 5 minutes work per week.
This could get you easily 200\$ - 1000\$ per 1/2 weeks.

Packages and pricing:

Free vouch copy - 0/2: Given out to @Boost and @Parks

75\$ review copy - 1/1: Includes the method and support on Discord and PM's.

Review REQUIRED.

100\$ bronze copy - 1/1: Includes the method and support on Discord, PM's and Skype.

125\$ silver copy - 2/2: Includes the method and support on Discord, PM's, Skype and Telegram.

150\$ golden copy - 4/4: Includes the method and support on any platform.

200\$ platinum copy - 2/2: Includes the method, support on any platform, a domain and a mailing server

Mailing server service:

I will set up a mailing service for you. This includes a domain and a website which looks like a real mailing service (Gmail, Hotmail etc.).

On this way, you can avoid those annoying phone number confirmations.

For our method, you can now use a fake temp email, because you will need the same e-mail for week(s), to receive the Amazon giftcard code.

This service costs 50\$, it's also included in 'platinum copy' for free.

Fair Use Policy:

As stated before, you can generate 'unlimited' free Amazon giftcards. However, we use a 'Fair Use Policy'.

We use this policy to avoid this method from being saturated or patched. Please do NOT use this method more than 10 times per day.

We highly recommend using this method for 7 times or less per day. This gives you at least 200\$ in 3 days of work and +/- 1 week of waiting.

After reading all of this, you might be interested in buying this method..

And again: this is NOT a method to get you rich in a short time. This is something to spend small time on for a normal extra income

If you would like to buy it, [send me a private message \(click here\)](#) and open a contract with me (click here).

I gave them the vouch before I posted the thread. I came prepared and I am not interested in 10 comments about 'can I get a vouch copy'. Picked 2 random trusted members before posting. Thanks for your interest.

Oh really so they aren't your friends?

It sure looks like it.

And why did you create the contracts 10 seconds ago?

Parks even already vouched for you BEFORE the contract was made this is weird aswell.

We talked about this on Discord before. He got the vouch already and we just did the contract.
Again, thanks for your interest and none of your business.

How do you know that this method genuinely is legit when you received the method minutes ago and the thread is released 15 minutes ago aswell while it takes days to a week to receive a GC.

I gave him the method earlier. As I said, I came prepared and nobody asked for your opinion. You can cry as hard as you want, but you wont get any vouch copy.

My guy, no one wants a vouch copy it seems as they're your friends and within a day it's so legit. Lol give it to someone you're not friends with and let's see how it works. Hahah

I made a contract with @Parks. If you think that we didn't follow up the rules, message a staff member.

You made the contract 5 minutes AFTER he vouched for you.

You said that the delivery of the vouch copy happened over a week ago, where is the contract from a week ago that supports this?

It's a simple question.

I didn't sell this method, nor did I have a thread for this method a week ago. And so didn't I make a contract a week ago. I made it now, when he posted the review. Message a staff member if you disagree, not replying to you anymore. Thanks.

Well i'm sorry for bringing up legit concerns, it just really looks like that they are buddies of yours. I'm very interested in free unlimited AGC's, who isn't interested in free money right, but i'm not gonna invest in something that isn't review properly by someone unbiased like "int"

Someone like this guy should review, he's unbiased and if his review is positive i definitely buy. I wont mind taking another person with 200+ B-Rating. Not gna take someone with 20, sorry and thanks but no. I know Parks for probably 3 weeks now and Boost for months. Both not really friends, I only talked with them about business (exchange etc.).

I understand your concerns and thank you again.

If you still don't agree, send me a PM (avoid this spam under my thread please, you can send a overview later here) or send a PM to a staff member if you highly disagree.

int - August 16, 2019, 2:46 pm

I'm pretty sure this is social engineering, which isn't even allowed on HF anyways.

Looks like Social Engineering related (eg. the need to send mails back and forward to obtain free AGC)
