Thread: [Gmail account creator \[Email Forwarding, Proxyless, Captchaless, Phone verification\]](#)

BlackXPearL - August 21, 2019, 10:46 am

Make unlimited verified Gmail accounts using this tool.

- Forwarding option: forward all your newly created accounts to a single email
- Proxyless
- Captchaless
- Phone verification (you will have to pay for sms verification service)
- You can define Name, Family, Username, DOB, and recovery email for each account

Price: 0.005 BTC/week | 0.01 BTC/month | 0.02 BTC lifetime license

Do you have a demo video?

Lextian - August 22, 2019, 7:57 pm

Am interested and would love to see a demo or get a vouch copy to test this out and will leave a detailed review.

Blueshield30 - August 23, 2019, 4:41 am

send you a message on discord, hit me up.

BlackXPearL - September 18, 2019, 11:42 pm

New subscription plans added

BlackXPearL - September 21, 2019, 4:16 pm

bump

BlackXPearL - October 26, 2019, 10:27 am

Fowarding option was added to the bot. Now you can forward all of your newly created accounts to a single email.

iokungfu - November 2, 2019, 12:14 am

Please PM your skype. I want to talk with you about the details of the bot. Thanks!

Yeah.

I am also selling gmail accounts with optional forwarding to your email of choosing for 2 euro a piece if you dont wanna deal with proxies and sms verification service ...

BlackXPearL - *December 1, 2019, 2:32 am*

20% off blackfriday promotion is still up

718b - *June 28, 2020, 12:54 pm*

this still works? are you still selling

Jeffr0 - *April 6, 2021, 11:36 pm*

Still working? How much for lifetime access?
