Thread: [wifi jammer or something to stop users from using wifi network.](#)

**Kamenko TV** - August 21, 2019, 5:01 pm

Hello, im new at at hacking also i am usning ubuntu i am looking for some wifi jammer or some program that will allow me to stop neighbors from using wifi

because they have party 24/7 and also i think it might fun to try is there any app for android phone witch can i use to do same thing i figured out how to install kali and debian linux over termux.!
