Thread: [A realistic reminder: Storm Area 51](#)

DNA - August 22, 2019, 6:12 am

If you think Storming Area 51 is a good/funny idea, think again.

Quote:"Oh, we're taking this seriously," Lincoln County Commission chairman Varlin Higbee told the Las Vegas Review-Journal.

"With the possibility of 35,000 to 40,000 people showing up, yeah, this is serious." Quote:Mr Higbee said visitors should not to try to enter Area 51.

"We don't want them going down to government property; it will probably be blocked off," he said.
Quote:"We don't want civilian people in contact with the military at all. That will get ugly."
Don't take this meme seriously, because the government will take the threat seriously.

There is 100% going to be at least someone who's going to do it. No doubt about it.

Xavier - August 22, 2019, 6:33 am

Anybody who is in it for anything other than a quick rush is crazy.

Popstar - August 22, 2019, 6:34 am

We know its serious but that will not stop the raid. We want to see the god damn aliens that the government is hiding from us. If we all combine forces there are more of us than there are of them. Naruto running will help us dodge their bullets and artillery. We aren't afraid. Please consider coming, the more people we have the less they can do.

Oh... I forgot this is going be happening soon.

Even if people do say it's fake.. People are going show up.. And it's not going be pretty.

HF.Psych - August 22, 2019, 7:18 am

I'd love to just go to the Area to just have a look around, as a tourist. Not sure why you'd invade it. Just seems silly really.

Deany - August 22, 2019, 7:21 am

I am going to naruto run in there

It's America, I have no doubt that half the Americans who said they will attend, will attend, the majority did vote for Trump after all....

The majority of Americans did NOT vote for Trump.

Clinton Votes: 65,853,514 (48.2%)

Trump Votes: 62,984,828 (46.1%)

That's actually more frightening that majority of Americans voted for Clinton. At least Trump cracks me up.

I'm actually really curious what actually happens if you enter the area.

I've only heard rumors about YouTuber's / People been gone missing etc, never heard of anyone getting shot.

Looking forward to see what happens, hopefully someone will livestream it.

Well that is what happens when you have a two party oligarchy.

Handsome Hawk - August 22, 2019, 10:52 am

Ok then, almost the majority then.

Those numbers are still depressing either way.

A + - August 22, 2019, 12:21 pm

Let's go break into a government building... smart.

Saw him post that too and knew right away it was fake/bs lol. This is why I take anything HF members say with a grain of salt. People talk about things they don't fully understand and comprehend and act as if it is true unless you waste your own personal time to disprove them.

I'm talking about previous/past occurrences moreso than your reply, but still.. just goes to further prove my point to not fully listen to anybody here.

You act as if that was my main point, my point was that if almost half of America is dumb enough to vote for him, they're stupid enough to "Storm Area 51".

Don't be so pedantic in the future, otherwise you'll miss the point of what was being said.
