Selling my personal Lol account

The account is currently on Plat III rank (Solo/Duo) and Gold IV (Flex 5V5)

Selling it because there's no interest in playing the game anymore.

39 RP's & 8663 Blue essence

224 total mastery score, 61 skins (2 Ultimate (Udyr and Ez), 4 Legendaries, 9 Epics, 14 Legacy)

The legendary skins are Star Guardian ahri, Demonblade Tryndamere, Red Baron Corki and alien Invader Heimerdinger.

111 Champions

I've played the game since Season I, and the account have Judgement Kayle skin.

I can provide SS's via PM and all the needed info.

T.O.S

I don't mind to go first if you're a trusted user.

I will switch the account e-mail to yours and I will never try to get it back.

There are no refunds.
