Thread: [Starting a landscaping company and would love a logo!](#)

Hey guys! I am starting up a landscaping company and after taking time to think of the right name I am sticking with 'Dream Landscape'. Now as for the logo I want this to be something where it can be put on a shirt, on a business card, even fliers. I would love if someone could take time out of their day to create a nice sleep logo for me! Be as creative as you'd like.

I want you as the designer to make any logo that when you think 'Dream landscape' whatever Comes to mind to put it together! I'm very open minded and would to see some of the logos you guys create! Thanks!

Hey I really appreciating you taking the time to design something for me! I like the start to this. Things I can think of after seeing this is if you could add brighter colors to this, I can give some examples of color schemes I like ! Check these out.

I like the color balance of a light green with a white. I know I didnt give a lot of info to work with ?
