First I have two questions for you,

1. Can your Cpanel be use for sending unlimited email ?
2. Do you have indian business mail leads (2019)

I need your urgent respond

Thanks

smartdisk - September 6, 2019, 3:22 am

I wrote you via skype about something.

baarkyy - September 10, 2019, 6:03 pm

i haven t seen ur message on skype can u tell me ur name there?

baarkyy - September 16, 2019, 8:14 am

1. Yes cPanel can be used for sending emails but im not sure if its unlimited.

Depends how good is the hosting server.

2. Yes i have indian business leads pls contact me in private.

As Nödt - September 16, 2019, 6:10 pm

Any vouch copies available for cpanel?

baarkyy - September 17, 2019, 3:49 pm

I will try to search and see which of my clients are members here so they can vouch for me.

Regarding the popularity...some smartass voted my post bad on Personal Life section so it was nothing related to this business of selling tools.

RAC25 - September 17, 2019, 5:58 pm

suggestion: change the purple color.. its making me dizzy + its unreadable.

Rozay147 - September 18, 2019, 1:43 am

I'm a client and I'm finding it hard to vouch how do i do that

baarkyy - September 18, 2019, 5:40 am

i don t have any purple color.

Rozay147 - September 18, 2019, 8:02 am

He's legit and trust worthy

Rigatoni - September 18, 2019, 9:00 pm

I am interested in your RDP services, are these cracked?

baarkyy - September 19, 2019, 5:10 am

Most of them are created but sometimes i have hacked too.

If u buy bulk i can struggle to crack more hacked rdps but created is an easier and more stable way for me.

Hi baarkyy,

What is the inbox rate and daily limit of your IP SMTP's?

baarkyy - October 26, 2020, 11:00 am

Inbox rate is 90% but the limits are different since every ip means other server.

Each server has his own limit known by the owner only so i can't predict how many will send.
