Thread: [JJ's Homework Service \[Cheap\] \[Quick\] \[Dirty\]](#)

Slack™ - August 28, 2019, 6:41 pm

We're a team of two intelligent, money-hungry freelancers.

J1 (away):

If you need any help with biology or social studies homework, I am your man. I'll do any sort of homework and/or proofreading that needs to be done. My AP bio final test score was a 98, its a subject that I'm just naturally good at. However, social studies happens to be my favorite topic, and my love for history makes me all the better to hire.

J2:

I took college courses while in high school, and would be able to assist with anything from algebra, geometry, trigonometry, to intermediate calculus. Currently a student, with my degree in Computer Science. My strengths would be English, IT, History, Physics and Psychology. Would be more difficult for me to complete chemistry/biology homework, but will given the opportunity.

All articles are written in 12pt, Times New Roman, double-spaced with MLA citation.
All assignments are meticulously double checked.

Price/Payment:

Simple charge of \$20. That's it.

PayPal/BTC Accepted

1. We reserve the right to decline any job offer.
2. Grades aren't guaranteed, but each assignment is checked for errors.
3. Refunds are only allowed in extreme circumstance.
4. Chargebacks are not allowed. Contact me if you have any issues, or believe you are entitled to a refund.
5. You may be asked pay for a percentage upfront

Slack™ - September 7, 2019, 3:27 pm

Other member is away at the moment, so I'll be the only one working. I'll be online most days after 1:00pm (site time). Will be able to give you the finished assignment the same day.
