Thread: [\[LIMITED TIME\] Providing free hacking services to valued HF members.](#)

VelvetUnderground45 - September 3, 2019, 5:20 pm

Currently have more free time for the next two months, so I'm opening this thread to perform free hacking services if you can meet some basic requirements.

SERVICES OFFERED
Social media hacking (instagram, facebook, snapchat, etc)
Email hacking (gmail, hotmail, etc. NOT protonmail)
SEO manipulation
Website hacking (case by case basis)

because of the large number of members here, I will only be granting free requests for users that meet the following requirements:

25+ posts
25+ reputation score

if you meet the above criteria, please send me a PM or email with the subject line "Free Hacking Request". Include all of the details of what you need done, and I will get back to you with a success probability and estimated timeframe.

I may be reached via email at velvetunderground45@protonmail.com

How good are you? I have an instagram's @ that i'd like to get. It is well-known but not on the lines of celebrity status.

What do you define as "valued" if I meet your criteria; I have something in mind that goes beyond something personal, and carries moral benefits. You'd be doing a service for quite a bit of people if you could carry it out.
