Imagine a world where every cable, every attachment and every language was country specific.

Life would suck.

Crimin4L - September 3, 2019, 6:03 pm

That would be a real difficult life, I'd have to admit :P

Feel like I need to install a userscript just to deal with your posts.
Dunno if I'd trust your graphics design service.

I don't think it's that big of a deal to make you upset, that's all :)
Ill avoid your threads from now on so I don't upset you. Have a good one :P

It's not about who is winning. You can do whatever you want. Lots of people tries something to make their posts stand out. 99/100 times it's annoying. Like the ones who align their text right like fuck off
