What are some advantages of your store over other free services such as shoppy.gg or selly.gg?

Spade - September 4, 2019, 9:18 am

Gotta say

this site sucks, has no competition
as other payment sites such as shoppy and selly etc
allow crypto's/paypal and what not for free

where you only give us Perfect Money for free?
and we gotta pay for the rest, I gotta say thats absurd
you're site will prob die do to the fact that others are just
better since there is no "upgrades"

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
