So you got 40g for \$10? Must be nice, I can barely get a gram with \$10 f*ckin dollars let alone 40g.

Blogger - September 9, 2019, 1:30 am

My goodness! That's definitely the best deal I've heard of. A gram is \$20 out here.

Fortunate - September 9, 2019, 8:08 am

Huh? Where do you live? Here some good gas goes for \$20/g and you're saying you got 40g for \$12?

Must be bad gas then.

Morphine - September 9, 2019, 8:11 am

it might just be legal where he lives. Legal weed from people who grow in bulk is cheap af. especially in other countries. I hear it's like \$1/g in Uruguay or ukraine or some shit.

You've been scammed in one way or another.

Yeah, I'm pretty sure OP just got sold Oregano or a drugboss is going to show up in his front door trying to collect debt.

Blogger - September 9, 2019, 5:00 pm

No "drug boss" would waste time collecting a debt for 40g. At least no respectable one. That's child's play.

AYMG - September 13, 2019, 8:51 am

40g for 10\$? That's cheap af dude, you should resell that and start a business if you are ready to take the risk.

Mac Miller - September 13, 2019, 8:56 am

Must not be very good weed then. Or he's big time and likes you a lot lol
