We were discussing his game development
and a little bit of cybersecurity

Vyrkfrir - September 13, 2019, 5:45 am

From reading only the title, without context of what ewhoring actually is - that sounds like a dude trying to score some esex from dem ewhores.
At first glance that came to my mind immediately. Then context clicked, but the humour wasn't lost from that first glance.

Imagine those "news" stations seeing that - they'd be scrambling to report on "All parents should watch out for eWhores, and how they're the devil raping your kids Christian™ soul"
"prostitution should be illegal on the internet!". The keks would be endless.

Just a quick bump, anyone who does IG ewhoring, I would like to voice chat and bounce knowledge off each other :)

That's a sick tag, nice.

Although was kinda hoping it was Daddy.

Kryme - September 16, 2019, 3:10 am

I'm still looking for people to talk to about IG ewhoring techniques

TheChaosKiller - September 16, 2019, 3:12 am

I think most ewhores are up for discussing techniques and sharing tips, but I highly doubt most will want to be in a voice chat where people will be no doubt amusing and abusing themselves. Too much room for abuse and weirdness.

I find voice chat to be easier to have a conversational flow of topics and ideas, most people i've spoken too are more open and engaged in the conversation because it's like being face to face, hence why I personally prefer voice chat

Kryme - September 24, 2019, 5:11 pm

Hit me with your discord, I want to chat with some people

Rigel - September 24, 2019, 5:12 pm

Because that's exactly what we do ?

But honestly I would like to chat with some people, expand each others perspective on traffic methods
