Thread: [\[Award Goals\] Paid Stickies & Sales Tag Award?](#)

Doctor. - September 7, 2019, 6:08 am

Just had an interesting idea since you can track how many paid stickies and sales tag you've purchased. Let's say a member hits an arbitrary number like \$100 or \$500 in total thread modification purchases then they get an award. Kinda like an addition to the current Award Goals tab like how you get an award after 100 B-ratings and stuff.
