Thread: [\[H\] BTC \[N\] Paypal - 10%](#)

Techie - September 10, 2019, 5:12 pm

Check last post to see how much i'm looking to Exchange.

I expect to receive 10% more of the Bitcoin value i sent to you on my Paypal, i don't care if you send it as F&F or G&S. My PP is from Europe.

Don't expect me to go first if you don't have high B-Rating. A middleman can always be used or we can just do increments if you feel more comfortable.

Also don't open a contract without sending me a pm first.
