Hello .

I will provide free .onion addresses for anyone .

You can chose a custom one (from 3 to 7 word max) .

Example , hackersb6vhta27j.onion .

This might take hours for one domain (3 hours max) , depends on what address you want .

You can private message .

I meant a free .onion buddy . So if you need a .onion domain , message me .

To make a custom .onion domain , there are a lot of ways .

Greetings .
