delivery time around 12-24 hours, although transfer takes couple hours only

my method is safe but since u r flagged big risk to get banned if u transfer extra billion so i prefer u take new account and delivery will be instant

Yeah i still have a pic of the warning it says FINAL WARNING

We have detected that you continue to use third party modifications ,Are transferring coins between account..Blah blah it goes on

Yeah but this account is through my Facebook and i got a LOT of cues

Can you use a new account through Facebook ?

What about Cues does your accounts just have basic cues ?

I still have about 440 million in my account

Do you think it will deffo get banned ?

Cheers
