Ronaldini - September 17, 2019, 3:58 am

Everyone who wants to start earning a passive income online but have very little to nothing cash, this method is great for you.

I can say this method will work for each and everyone of you who puts in effort daily.

It needs no ID or verification and you can start earning on the first day itself.

Requirements:

Internet connection

Paypal Account

[METHOD]:

- 1) Sign up with this [Drop A Post below and I will PM you the LINK]
- 2) Connect your paypal account to the website
- 3) Spend 2-3 hours completing the task of copying the numbers displayed (10cents per set of numbers)
- 4) Once u have collected \$150, spam ur referral link on Facebook groups, use bots on Pinterest and if you dont mind spending abit of money, you can purchase referrals from other users from the Referral Exchange located on the website
- 5) Once you've collected 40 referrals you can withdraw from the website instantly (you would not have to repeat step 4 again ?).
- 6) ENJOY THE PROFITS!

Thats it guys :) Let me know what you guys think !

Yes it is a scam and it's an obvious one. That site is part of a giant scamming network consisting of gibberish domains ending in "money."

Once you get the 40 referrals, they do not pay you. There are many reports of this. Having no referrals doesn't stop a site from paying out and if they have that as a criterion for payout, it should be taken as a giant red flag. That site and its entire network is a giant pyramid scheme.

Everyone reading, don't bother. It's a scam.
