Thread: [| TRAFFIC | Unsaturated Snapchat Traffic targeted with age and location](#)

Hipzz - September 17, 2019, 4:36 pm

Traffic is targeted in age and Location so you can choose if you want to get only males from London in age between 30-60 or 18-99 from Las Vegas, up to you.

I sell it rather only in at least 7 days package due work I need to invest to fire each slot up but I'm open for any offers.

I can guarantee atleast 100 people per day, but most of time it goes easily up to 150-200 and more, it's just bare minimum for worse days like some Mondays.

I can also deliver proofs of earnings on that, atm I'm runnin it for myself + 4 diff people and you can easily earn for one week of service within one day while working only on this traffic.

Price is \$20/day, so \$140/week, btc only

If you have any questions go ahead in this thread.

Since many ppl hmu for one day try only just wanted to clarify that I dont do it for so short time as stated in this thread, I can do it for less than a week I guess but one day is too short. Hmu on pm with offers before starting contract

[contract=tid]Start Contract[/contract]

Will you give out a sample so we can see how legit the traffic is?

Starting each slot takes me like 2-3 hours of settin it up + \$ investment so at the end for first week on each new slot I earn like half of the price for it only + each snapcaht account change for the traffic cost me \$ so dont really want to do vouch copies.

I can just ask a person who buys it from me for a vouch if he wont mind + send proofs of my and my employees earnings, I wouldnt risk my repp here to sell shit

@edit

If you had any other sample on mind like idk, number of adds on snap then sure, I can upload it too after 24h wait if you wish

Very intriguing! I know what you're doing so your prices are justified.

Posting here for now but yeah I might buy a week. \$140 isn't bad when you really think about it. I usually make about \$400-1k on the low side a week barely using the same method myself.

Cookiie55 - September 17, 2019, 7:22 pm

Sounds like something I'd try out for a day, and continue with 140\$ for a week if it works out well!

Working under someone is never the way about things, and honestly speaking whose to say after a day someone won't just mess with the source.

I'd suggest thinking about this thoroughly, and for one this is just a sellers thread instead of being interested in whose interested.

I believe this would best belong in the marketplace.

Yeah, this ^^

I am interested but there's not really any proof overall when it comes to earnings, traffic etc.

Cookieie55 - September 30, 2019, 5:25 pm

Gonna try it out and report back after a few days of using it! (1 day 20\$)
