usually people get scared when they successfully accomplish blackhat or illegal stuff

iwantmethods - September 18, 2019, 4:49 am

what span of time is this? very impressive

Slogan - September 18, 2019, 4:51 am

Blackhat for sure, hacked another pc and stole the coins?

BuryMyCurryBody - September 18, 2019, 8:06 am

Damn that's fucking sick bro.

duplex - September 18, 2019, 8:09 am

Obviously not asking for the method, but what did it entail?

If it's too illegal, pm

DrDoof - September 18, 2019, 8:14 am

Makes sense or it's all complete BS... lol

5oak - September 18, 2019, 10:41 am

OP claims he's "scared" but he put the link to this thread into his signature, seems legit.

zeroday - September 18, 2019, 10:47 am

From rags to riches. 15 hours ago you were selling \$5 ebooks on HF

Lorem Ipsum - September 18, 2019, 10:48 am

80 grand BTC, that is a big load of money you have there. Don't be scared, I assume it's better to be arrested with 80k BTC and doing something black hat / illegal, than being arrested with 1k BTC and doing something illegal, right?

I'm not going to be funny or whatever, but feel free to spend some of the BTC on me.

TheRecklessZebra - September 18, 2019, 11:20 am

Why be scared if you did it legit?, why not celebrate that's a load of cash.

Mr. Robot - September 18, 2019, 11:27 am

I mean if you need help on projects check my sig or market on hf. Lots of shit

Bob White - September 18, 2019, 11:29 am

Proof you actually made it?

I make about that in BTC per month, if you need help washing it to clean money lemme know. :)

MysteryRider - September 18, 2019, 11:32 am

Hack Forums, for when you made a lot of money and are scared for your life but you still want a place to brag about it.

Blogger - September 18, 2019, 11:43 am

That's awesome. What does the method have to do with?

P.S. My BTC address is in my signature. ;)

Fruitcake - September 18, 2019, 11:50 am

Probably doxxing + sim swapping + stealing from coinbase accounts

Darkwin - September 18, 2019, 4:42 pm

We'll wait for the eBook to be released in a couple weeks. :)

UnpredictableLegacy - September 18, 2019, 4:48 pm

You did used a blackhat method for these ?

StickTalk - September 18, 2019, 5:01 pm

Woah! Congrats OP! I would definitely not share the method. If you decide to do anything with it, I'd add a nice price tag to it, and maybe only sell like 2-3 copies of it. Haha.

Wget - September 19, 2019, 12:04 am

Congrats, definitely know what I would do with that cash.

Lindros - September 19, 2019, 12:08 am

Soooo.... Why are you scared? What's the method?

SIM-4378207 - September 19, 2019, 1:38 am

Scared from success hehehe

tiem0le - September 19, 2019, 1:40 am

Nice earnings OP. Reminds me of my first blackhat earnings when I was also extremely paranoid haha.

Angel - September 19, 2019, 2:09 am

I would be scared as well and excited, this amount of money can change lives.

Doctor. - September 19, 2019, 9:58 pm

Hmm... Honey-pot in the making?

Truth - September 19, 2019, 10:17 pm

wtf happen to HF? all these skids around and no one calling them out.

In crypto the proverb is "Don't Trust, Verify."

This OP has not done a signed message yet, aka BS until proven which takes 5 seconds

UnpredictableLegacy - September 20, 2019, 4:37 am

I think this can easily be made with inspect element or any other tools

sconnor20 - September 20, 2019, 9:22 am

This guy sent me this message out of the blue;

"Hey if you are into blackhat methods add me on discord. I made 80k and now want to chill so if you want to take over then hmu: XXXXXXXX"

It if looks like a scam... smell like a scam...

ZestMaster - September 20, 2019, 10:38 am

Can vouch for this. OP sent me the method a few days ago and i have already made \$300.

I just wish i had a bigger budget to make 80k like OP . If anyone can loan me some BTC i would love you forever ? ?
