I would really appreciate a vouch copy. I think it would also be nice if you could explain why your method separates from the others! ;) hope you do well!

well!

I apologize but your account stats aren't high enough to receive a vouch copy.

My method separates from others because I know my methods actually work. While I include online methods, I also have methods that work locally. I have methods that require no investments (harder to execute) & methods that require a bit of initial funds. One method in particular that's written in the eBook requires a bit of an investment of around \$100, but can yield around \$100-\$500 in pure profit.

I written the ebook in a way that allows you to start from the first few methods which require \$0 starter funds, then you can progress to the methods that require a bit of starter funds which yield more profit.

Would you be interested in giving out a vouch copy? ?

PotatoCat - September 24, 2019, 9:43 pm

Interested in purchasing tonight. How long until first income? Also, how many hours per day?

You can see earnings within the first 24 hours, but I cannot predict the future and can't control who buys.

You can spend 2-3 hours per day on this.

Hi man. The thread design looks cool!

Are you offering a vouch copy? I'm willing to post an honest review of your method.

Let me know if you deem me trustworthy

A vouch copy has been giving to Deadmau5 & I have a few others wanting to purchase already so I think vouch copies are no longer necessary.

I appreciate the interest though! PM me if you have any further questions. ?

Thank you for giving me a vouch copy, Otis.

Otis provided me with a copy of his guide with one of the money-making methods removed from it, as he thought it wouldn't be fair to the paid customers if he gave me access to the complete guide for free.

Here's my honest review of it.

This method consists of 28 pages (excluding the one removed method).

The first half of the guide consists of general guidelines on how to build a successful business. You might find some information which you already know. But you can also find some new information, which can help you in ensuring that the business you build becomes successful.

Now, there're four methods in this guide. Otis gave me access to three of them.

The first method is relatively common. Most of you already know it probably. But that doesn't mean it wouldn't work. Lots of people have been using this method over the past few years to make money online, and I believe there's always scope for this method if you do your research and work properly.

The second method is very new to me, and I'm sure it'll be new to most of you as well. I have to say I absolutely loved it. I think this method has great potential and I'd be trying this out myself soon.

The third method has great potential, as well. I'm sure only a very few people do it currently. I've been thinking about doing it for quite some time now, and I might implement it myself soon.

The only thing lacking in this guide is that it doesn't have a step by step explanation on how to do all these methods. But I don't think that's much of an issue as the guide gives a pretty good idea on how to do them and they're all self-figurative.

Overall, all these three methods can rake in tons of money for you, and that too on autopilot, if correctly done.

P.S: These are not get-rich-quick schemes, and they do require some effort to be implemented.

What's the typical setup time? How long until you see a profit?

1-3 hours for setup time, you can see profit within 24 hours if you put in the work.
