If I wanted to sell a digital product with an affiliate system, what site should I use?

Blogger - September 24, 2019, 9:00 pm

<https://rocketr.net/>

<https://selfy.com>

<https://selz.com/>

<https://www.sendowl.com/> (personal fave)

<https://www.onlinepayment.io/>

<https://shoppy.gg/>

[Selfy | Create an online store in under 5 minutes](#)

[Selz - the Ecommerce Platform for growing businesses](#)

[SendOwl - Sell Digital Products, Subscriptions, Memberships & more](#) (personal fave)

[E-commerce software | OnlinePayment.io](#)

[Shoppy](#)

Do any of these have affiliate marketing options??

Blogger - September 24, 2019, 9:05 pm

Yeah. Check out selfy.com.

Sell - September 24, 2019, 9:08 pm

So you want to sell a virtual product, whilst also allowing people to share it in exchange for a percentage of the proceeds?

If so, CoinMall is your best bet. Here's our announcement thread with more info:

I would recommend using shoppy, it's simple.

SIM-403479 - September 25, 2019, 3:41 pm

I go with shoppy. Simple and easy to use.

Pikzul - September 25, 2019, 3:42 pm

I would also reccomend shoppy tbh
